EFM TIP: Reemployment Programs Pool Counts and Event Calendars

Due to the weekend upgrade to version 12, the Priority Reemployment Planning (PREP), Reemployment and Eligibility Assessment (REA) and Emergency Unemployment Compensation Reemployment Services (EUC-RES) file containing claimants to be scheduled for mandatory reemployment services did not upload into EFM as scheduled on Saturday. The file is now scheduled to be processed this evening, August 20, 2012. Staff should manage pool counts for all programs tomorrow Tuesday, August 21, 2012, and mail letters on Wednesday August 22, 2012. Although these processes will be delayed by one day, events will still be scheduled for the week of September 4th – 10th.

The Department has also been notified about the EUC-RES Manage Pool Count's drop down menu is displaying events for the entire month of September rather than just the week to be scheduled. The issue has been submitted to Geographic Solutions Inc. through Online Project Communication (OPC) 200355. You can view the OPC for more information.
